Matrix Editions is a small publishing house founded in 2001, committed to "serious mathematics, written with the reader in mind." Our goal is to publish rigorous books that go beyond correct statements to show why statements are correct and why they are interesting.

### **Math books from Matrix Editions**

Advanced Placement Statistics (AP Statistics, AP Stat or AP Stats) is a college-level high school statistics course offered in the United States through the College Board's Advanced Placement program. This course is equivalent to a one semester, non-calculus-based introductory college statistics course and is normally offered to juniors and seniors in high school.

Below is a list of chapters from the Campbell's Biology, 8th Edition textbook that we have slides for. These slides will cover all of the key points of the chapter and will be useful when studying for the AP Biology exam or any other Biology test.

### **Campbell's Biology, 8th Edition | CourseNotes**

I've got the function  $y$  is equal to  $x$  minus 3 squared times  $x$  minus 1. And what I want to do is think about rotating the part of this function that sits right over here between  $x$  is equal to 1 and  $x$  equals 3. And  $x$  equals 3 and  $x$  equals 1 are clearly the zeroes of this function right over here. And ...
