One again I find myself motivated by a Blog post by a fellow blogger and AUGI cohort the Kung Fu Drafter (KFD) at KungFuDrafter.com on the topic of Standards or more so what they should be called. KFD discussed how one should consider changing the more common name of "Standards" to "Best Practices".

Copying clinical documentation can be a time-saver for busy clinicians. It also can pose a risk to document integrity. For organizations that allow use of the copy functionality in their EHR systems, part of keeping compliant with organizational, state, and federal requirements is auditing the practice for proper use.
